

IPA Task Force on Remote Sensing of Permafrost

Announcement of 2nd Meeting at AGU Fall Meeting San Francisco 2008

Open Meeting – Please contact organizer if you plan to attend

Monday, 15 December 2008, 5:00-6:30 pm, San Francisco Marriott, Pacific Room A

Meeting Agenda:

- Current status of Task Force in IPA
- Goals for 2008-2010 (Promotion of remote sensing in permafrost research; Linkage to other IPA working groups; Synthesizing peer-reviewed paper on permafrost remote sensing; Linkage to major space agencies)
- Activities (Coordination of User Groups involved in ESA Permafrost Call; Sponsoring of sessions at international conferences)
- How to get involved / Identification of a core task force team

Info:

The Task Force meeting will take place after the end of the AGU oral session C13B on Remote Sensing of Terrestrial Permafrost (ends 4:00 pm) and before the USPA Annual Meeting (same room, starts 7:30 pm)

Please bring your own sandwich and drinks.

Thanks to ARCUS for sponsoring the meeting space on Monday!

Guido Grosse
University of Alaska Fairbanks
Co-Chair
ggrosse@gi.alaska.edu

Claude Duguay
University of Waterloo
Co-Chair
crduguay@uwaterloo.ca

AGU Sessions with presentations on remote sensing of permafrost:

Monday Afternoon 1: Oral

1340	C13B	MC 2006	Remote Sensing of the Cryosphere III: Changes in Terrestrial Permafrost (joint with IN, H, PA) <i>Presiding: G Grosse, University of Alaska Fairbanks; H Lantuit, Alfred Wegener Institute for Polar and Marine Research Potsdam</i>
------	----------------------	------------	--

Wednesday Morning 1: Poster

0800	C31E	MC Hall D	Remote Sensing of the Cryosphere VI Posters (joint with IN, H, PA) <i>Presiding: P J Bart, Louisiana State University; J B Anderson, Rice University; J M Tomkin, University of Illinois</i>
------	----------------------	--------------	--
